Thanks, Kind man!

I wish you were here to play golf with me or better still I wish Miss McE.
was here. I envied you the other day.

Yours

P.S. Do you know if the complete typhoid figures of the S. A.
war are at hand, i.e. the total cases & the total deaths up to say May 1st.
Look, like an angel in the Lancet index, for the last half year & the
