Dear Packard

Thanks for the *Resurrection* paper - which is most interesting. Send a copy to Dr. Ellis, Elkton Md & Dr. Birnie, Taneytown Md - both much interested in the Book & Jr club. Sorry I could not have heard it. I have also a 2nd splenic anaemia paper for you. It goes in the Trans of the Ass of Am. Phy. so it should appear before the Stokes Adams - It is about ready. I will send you proof sheets. You published my 1st paper Jan 1900 - this is a sequel & should go in the Jr.

Sincerely yours,

W^m Osler
