Dear Miss Charlton:-

See if you have and send me the loose no.  
of the B.M.J. of last year with a long article on Hodgkins  
Disease by Bruce Clarke - I think. It was in Vol.2 I think of  
the journal. The paper was read before the British Medical  
Association last year.

Yours sincerely,

(Signed)

Wm. Osler.

Perhaps Dr. Martin might have it if you have not.
