(Dr. B. D. Harrison, Sec'y
Am. Confed. of Recipr. Examining & Licencing Med. Boards)

(typewritten copy)

Johns Hopkins University,
Baltimore, Md.

Dr. B. D. Harrison, Secretary,
Sault Ste. Marie, Michigan.

Sept. 28, 1903.

Dear Doctor:

The subject upon which you write interests me intensely. It is a move in the right direction, and worthy of the support of all practitioners throughout the country. It would be very important to get the active cooperation of the New York and Pennsylvania Boards. I do not see them among the signatures. If this is the date, October 27th next, I shall be glad to attend the meeting and shall be very glad indeed to participate. It would be well to ask some representative from the Maryland State Board. Would it not be well at each meeting of the State Medical Societies to stir up the net and get the boards thoroughly agitated so as to get pressure to bear upon the State Boards.

With kind regards,

Sincerely yours,

Wm Osler.
