Dear Miss Charlton

That summer abroad, + Adam's letter of
June 1903 - W.O. was not in Baltimore in
Oct 1908.

So glad to have your note. By far the best edition of The Religio is in the Golden Treasury Series, published by MacMillan. I will have a copy sent to the Library at once.

I expect today in a box from London the first edition of Vesalius 1543, which I got for the Library. It is a splendid copy. Let me hear at any time if there is anything you want particularly, as I shall be very glad indeed to get it for you.

Sincerely yours,

W^m Osler

P.S. I have a fine Harvey De Generatione Anamaliu for you - the original Latin Edition.

Note by Miss Charlton: So far as I can remember the date was about 1908. I am not quite sure if I mentioned that Sir William brought me a duplicate copy of Vesalius. I persuaded him to let me send it to the New York Academy of Medicine as they had not a copy there.
