Thanks for your kind letter of congratulations. I do not leave for Oxford until 24th June. I have so much to settle before I could leave. So sorry I shall not be in Oxford when you are there. Perhaps you will be over again before long.-

I am glad to hear that your book will appear in English. I went over it with my class last winter with the greatest interest. There is so much in it to stimulate work, and to clarify our misty knowledge on the subject.-

With sincere regards

Prof. Wenkebach
