Dear Barker:

Thanks for the nice letter from Wilson who is a very good chap. Nobody minds what Joe Price says. Anything connected in any way with the Johns Hopkins is as a red rag is to a bull to him.

Thanks for your kind invitation. I promised Hurd to stop at the Hospital, and I think I would see more of the boys if I did so. It is nice to hear that everything is going on so smoothly. Evidently your hand has not lost its cunning. I felt certain that you and the place would fit each other very smoothly.

With love to Mrs. Barker and the baby,

Sincerely yours,
W^m Osler
