Dear Parfitt:-

Glad to hear from White the other day that you are keeping well. I hope you are having a good spring. I am very glad to hear that White is going to stay through the summer.

I do not think I could promise to give an address during the Toronto meeting. I shall be very busy, and there will be so many friends to look after. I have promised Mrs. Osler not to over-tax myself. I got back from American this year just tired out. It took me some weeks to feel at all myself. I hope to be able to come to Gravenhurst, if only for a day.

Give my love to your wife and to the Whites.
