From the Regius Professor of Medicine,
Oxford.
June 12th, 1906.

Dr. C. P. Howard.

Dear Campbell:-

No matter about the plates! Brockband wrote about them.
He will have them specially made.

Marjory is with us and she looks remarkably well. I saw them
all at No. 31 last week. They are looking forward to having you for the
shooting. Bill and I sail August the 4th. Tommy has had the German measles,
but is quite well again. Give my kindest regards to Professor Muller and
to Mrs. Mueller when you see her.

Sincerely yours,

W. Osler.
