

(Handwriting)

(To Prof. Nuttall, Cambridge, England)

(During the period when my election into the Quick Professorship was hanging in the balance & other candidates were being pushed in.

7 Norham Gardens, Oxford.  
August 3rd (1906)

G.F.H. Nuttall)

Dear Nuttall

What a complicated problem! How strange to introduce a physicist & chemist into the running! I hope all may turn out satisfactorily for you. Is there anybody I could influence think you?

Ever yours,

W<sup>m</sup> Osler
