

(Typewritten)

(To Prof. Nuttall, Cambridge, England)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

Feb. 27th, 1908.

Dear Nuttall:

I have just received the splendid volume on Diphtheria - a thousand congratulations! It is a monumental work and will be of the greatest service to bacteriologists and others. I do hope the venture will turn out a financial success, so that the Syndics may undertake subsequent volumes. It has just come in in time for me to revise my section for a new edition of my text-book.

Sincerely yours,

W^m Osler.
