Dear Flexner:-

Thank you so much for arranging about Miss Fitzgerald. / Deuce take these women! why do you have them at the Institute at all? You are too soft hearted. It would be well to have Mr. Justice Moulton's evidence before the Vivi-Section Committee (just issued) published in the United States as a separate campaign pamphlet. It is too bad you should be having so much trouble. Here the anti people seem to have got into ill odor -- at last! /

Love to Mrs. Flexner and the babies.

Sincerely yours,

(Signed) Wm. Osler.
