Dear Mac

Many thanks! Just what I wanted, but is it not too much to ask of a man to teach in the 3rd 4th & 5th years? I doubt if you could get a good fellow if you insist on so much teaching. Leathes is a hard worker & is popular at the Lister I hope you are coming over this year - let me know. I shall be in Toronto about the middle of September Love to all old friends

Sincerely yours

W^m Osler
