(Mr. Henry Phipps)

Dear Mr. Phipps: -

I send you two drafts which may be copied after you have touched them up in any way you like. I return the Story of the Reaper, in which I got so interested yesterday evening that I was very nearly carried past Oxford, mistaking it for Reading! Thank you so much for the Wallace Volume (I). I had not the book in my library and I will prize it very much. I return the Resolutions.

I have written this morning to find out just how long Kraepelin will be in Munich. I have asked my friend Müller to let me know at once.

Sincerely yours,
