To Albert C. Tolson, Chief Clerk,  
City of Baltimore, Md.

Dear Sir: -

I beg to acknowledge the receipt of the gracious Resolution passed by both branches of the City Council. It has been a genuine pleasure to me to be able to recognize in this way the work of the great hospital founded by your distinguished citizen, whose benefactions have had such a powerful influence upon the intellectual life of the nation. I feel sure that the Institute thus started under the auspices of the Johns Hopkins Hospital will be a benefit to those stricken with the saddest of all human afflictions, and I sincerely trust that the work of the scientific staff may bring us nearer to the solution of some of the many problems connected with the prevention and cure of mental disorders.

I have the honor to be

*Harry Phipps*
