Dear Harry T.-

Shadwell, Provost of Oriel, with whom you and H.C. stayed, sails on the Cedric for New York, on the 22nd. He will go direct to the British Embassy, Washington. He would like to see Baltimore. Do write to him. I have asked H.C. to send him word also. I am off for the winter--here for three months. We have a delightful apartment and are most comfortable. I am working at the Bibliotheque Nationale. Hospital clinics do not begin until Nov. 1st.

Have just heard of Mr. Gilman's death. What a splendid work! What a satisfactory life!

Love to your two girls and the two boys. I am sure Hal is happy at Haverford. Punch Trudeau for me.

Yours,

W.O.
