Dear Mackall

What a kind good fellow you are! I am delighted with the MS of Lavater and shall have it neatly mounted. I got a very nice print of him the other day. Thanks also for the Goethe reference - no doubt from it I got the quotation. I am off for six months brain-dusting - Here until Jan 1st. & then on to Italy. I have been greatly interested in Ser-vetus lately. Should you come across any recent reference to his life or work let me know. I have a number of his original works. The reprint of the Restitutio Christianismi (1793)\* I search for in vain. Do see us in Oxford should you pass thro. in the summer.

Yours sincerely

W<sup>m</sup> Osler.

P.S. As I write the book\*\* has just come - most interesting. I must look him up. Many thanks.
