Dear Macphail

Send me one or two dates in December, a week or so after your expected arrival in London. I should like to ask a few friends to meet you at dinner at the Athenaeum, - a group interested in Canada. Send the names of 6 or 8 men whom you know to be interested in Canadian affairs whom you would like to meet. I will get Strathcona. Send dates by return post.

Yours sincerely

W<sup>m</sup> Osler.
