*He was disheartened
our secretary about the time*

Jan. 4th. 10.

Dear Harry T.,

I will have the 'Petit' title-page and plate photographed for you; the book could be sent here. I have asked also about Mistichelli, and if his Trattato is in London I will have it also photographed.

W.O.s Script
(In Dr. Osler's hand-writing) What a very superior secretary you have-- such beautiful typography! I have a fluffy-haired daughter of Heth who can read Middle English and Munkish cartularies, but is an awful dufferine as yet, but she is green and will I trust dry into something helpful.

We have had a fine Christmas and New Year. You should see Ike dancing! He is off to Winchester on the 19th--to a very good house--Mrs. Little's. He has grown so much--up to my ear top. I am glad to hear good news of the boys. My love to them. Tell Hal there are some angels here which I shall try to keep at about his age till he comes as a Rhodesian. I am so glad you have got through your section. I have not got it yet. I have no doubt Mrs. Harry T's touches are the best part of it... What a good thing for Tom Futchter to have secured a good wife. My love to Margaret. How sad about Katherine Garrett--poor girl!

Yours ever,
W.O.
