Dear Harry T.-

Your section has just come and looks very attractive. I will go over it carefully.

I have got Petit's work, and will have the title-page and plates photographed. Misticehlli's work is not in London. I am writing to a friend in Paris to see if he can get any account of it.

It was very sad to hear of poor Catherine Johnson's troubles. I have sent her a line of sympathy.

I am so glad to hear that Francis Trudeau has gone to Baltimore.

Love to the boys and the girls.

Sincerely yours,
