Dear Harry T.,

I have written to Bastianelli to tell him not to trouble about the Mistichelli. You will have the photos of Petit shortly.

I do wish you would start on your book of diagnosis. You really have a firstclass grip of the subject, and the book would not only be useful to the students, but very helpful to you. Do buckle on your armour and finish it.

Love to the family.

Sincerely yours,

(Signed)
