FROM THE REGIUS PROFESSOR OF MEDICINE OXFORD.

Feb. 8, 1910.

Dear Mackall:

I send you my Servetus paper which may be of interest.

7 ie ?? A man called Guttman sent me an interesting reprint entitled M.S. in seinen Beziehungen zum Judentum but I have no clue where he lives, or the journal* it came from. I should like to write and acknowledge it. Do you happen to have seen the paper?

I will have my secretary look up the Index and it is very probable that the case may be found. I will let you know in a few days.

I would like to know of any special Servetus literature.

Sincerely yours,

W^m Osler
