

CUS417/109.36
(J. H. Medical School - Howell)

From the Regius Professor of Medicine, Oxford
Feb. 21st. 10.

Dear Howell,

The question comes up about several of the American Rhodes Scholars who are taking medicine; could they be admitted to the advanced standing at the J. H. M. S. i.e. on passing the examinations; take the case of this man for example, a schedule of whose work I enclose; could he enter the third year?

With kind regards,

Sincerely yours,

Wm. Osler
