

Oxford,

Feb. 26th, 10.

Dear Jacobs:-

I am delighted with the photos of the medallion, it must be splendid. It is so good of you and Mrs. Jacobs to have added this to your other kindnesses; I am sure all the members of the Faculty will appreciate it very much.

I shall probably catch you somewhere on the Continent; The Wiesbaden meeting is the last week in April, I think.

Let us know by what steamer you sail.

Love to Mrs. Jacobs,

Sincerely yours,

Wm. Osler.

I am in good condition again -
a 'stone' lighter!
