

No. 99
(Letter to Dr. C.N.B.Camac)
(typewritten)

April 7th, 10.

13, NORHAM GARDENS,
OXFORD.

Dear Camac,

Perhaps you may have seen Mrs. Osler by this time. She went out to see her brother-in-law, Harry Chapin, who is very ill.

So glad to hear you have got into the University Club, - it must have been over the heads of a good many.

We hope to come out towards the end of July, and shall go to Murray Bay for a few weeks; the boy is anxious to have some fishing and camping. I do not know what arrangements Mrs. Osler is making. We are to go at first to Mrs. McCagg.

I do not know whether I sent you my last papers, my mailing list is in some confusion, if so could you send them on to someone else.

It is nice to see that you have got so much work to do at the Academy, it must be most congenial.

Sincerely yours,

WM OSLER
