

From the Regius Professor of Medicine, Oxford.

April 21st, 1910.

Dear Jacobs;-

It would be delightful if you could come to Edinburgh,-  
we could go down together, everybody would be so pleased to see you.  
Let me know exactly the date of your return to Paris.

Mrs. Osler got back on Monday evening. Harry Chapin  
keeps pretty comfortable, but Jackson writes that there is now a  
fistula connecting with the bowel; it seems a remarkable case.

Love to Mrs. Jacobs,

Sincerely yours,

W. Osler.
