From the Regius Professor of Medicine, Oxford.

May 17th, 10.

Dear Miss Noyes,

It is too bad that the Governor should have vetoed the bill; better luck next time!

I am sending you an interesting book by Choulant on 'The history of anatomical drawings', which is now a somewhat rare and expensive book. Should you happen to have a copy send it on to the Johns Hopkins Library.

Love to Miss Humpton.

I shall see you late in September.

Sincerely yours,
