

(Letter to Edward Milburn, Esq.)
(typewritten)

June 18th, 10.

13, NORHAM GARDENS,
OXFORD

Dear Ned,

I have been away on the Continent, hence the delay in replying to yours of the 18th of May. I am writing to your daughter today C.O. Dr. Lees Hospital, giving her a couple of letters of introduction and my congratulations on finishing her course. I have asked her to write and let me know her plans and prospects. I could give her letters to any of the large cities that would help her make a good start.

The boy is at Winchester enjoying it very much; he is not a student, but is taking to natural history as much as I did.

We are sailing for Canada towards the end of the summer and shall call and see you again.

Love to Mrs. Milburne and the girls.

Ever yours,

WM OSLER
