

Oxford, Sunday,

(July 10, 1910).

Dear Jacobs:-

Roth gives the Moro picture in the B.M. I must see it - he does not mention the ch. ch. one. I thought of you starting on that glorious day yesterday. I was motoring with some Toronto relatives for a couple of hours in the afternoon - I never saw such a day - and the country was superb. I will write you of our plans from Murray Bay. Much will depend on the weather. The heat paralyses Mrs. O. and we may go thro. to Boston from Murray Bay & go to the glades with Mrs. Chapin.

The ----- is most interesting. I am so glad to have it.

Love to Mrs. Jacobs.

Yours,

W.O.
