Dear Campbell:

Welcome to the West - to your new home and new duties. There will be many worries and things will not turn out as you wish always but a quiet tongue and a smile will help. As Harvey C. said *this* position *put you* ~~Jim~~ and the man at Ann Arbor *is* ⁱⁿ the *running* for the next good berth. I will get the slides ready for you, - useful for p.g. *lectures* or outside *semi-popular ones*. Tommy and A.G. send love. Write soon. I had a nice letter from M. Leau.

Yoursever,

W.O.
