

From the Regius Professor of Medicine, Oxford.

Oct. 26th, 10.

Dear Pratt,

I am delighted to hear of the arrival. Love to Mother and daughter. It will make you feel the responsibilities of life. But what a good time you will have with the little woman! I envy you. Give her a kiss and good wishes from me.

Sincerely your,

W^m Osler

Love and congratulations to Rosamund.
