Dear Sir,

M. Vallery Radot writes to us that he has published, since his original work on Pasteur issued 24 years ago, a book entitled "The Life of Pasteur" which has been translated in England and in America, and we shall be obliged if you will be good enough to inform us whether it is this book or that translated by Lady Claud Hamilton (which Mr. Radot now prefers to call "The Scientific Work of Pasteur") which Mr. Henry Phipps wishes to give away. If it is Lady Claud Hamilton's work that is required we can send you particulars of cost immediately.

We are, dear Sir,  
Yours faithfully,

LONGMANS, GREEN & CO.

Prof. Wm. Osler.
