Dearest Gwen

So glad of your letter & to have such good news of you & the children. It is nice to hear that you are comfortably settled for the winter. You must be glad to get back to town. Love to Little Auntie. What a devoted soul she has been to that boy. He never would have lived but for her care & he has been worth saving!

*W.O. had
it this way.* Revere is at school, very happy but no student. Still one cannot have everything and he is such such a good laddie, so reasonable & considerate. He is taller than I am. Do not spend your pocket money on the house - but on yourself! It is good to hear that Mother is better. I was getting so worried about her. Bea writes very happily & the new house must be most comfortable. We shall have a busy Xmas Ellie & her chicks are coming. I wish we could have snow. The weather has been as bad as possible.

Love to all Kisses to the chicks

Your loving

W.O.
