

No. 104-1/2  
(Letter to Dr. C.N.B. Camac)  
(typewritten)

Dec. 22nd, 10.

13, NORHAM GARDENS,  
OXFORD

Dear Camac,

I am sending you an address which I gave in Edinburgh on the occasion of the opening of a tuberculosis gathering last year. It will be a bit late for Christmas - but put it down to the binding. You may have already seen it as Phillips has bothered me for a long time for something for his magazine, and I thought it might suit the public.

Sincerely yours,

WM OSLER

(handwriting)

Thank the Camac Sisters & Co for  
their presents - not to be opened  
till Xmas day
