Dr. C. T. Howard

Dear Campbell:

I doubt very much if I can get away this month. I am ~~horribly~~ in arrears with articles and in the work on my Text-book. Come directly here, we shall be at home, and then it would be nice to knock about together a bit this summer. There are a good many men in London too I should like you to meet among the younger fellows.

Thanks so much for your cable. We have been inundated with letters etc. Of course the family is pleased.

Sincerely yours,

Wm. Osler.
