

(Post card)

(Post mark - Sept. 7, 1911 ?)

Oxford.

I am glad you did not go to Indiana. Campbell did not tell me about it, too deeply infected to think of anything but his Otilie's black eyes. She is a peach! Just back. We expect the MacCraes today. Glorious weather. Yes I hope to go to Rome in April. Love to your darlings.

W O.
