

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

(Typewritten)

13 Norham Gardens

November 25th (1911)

Dear Mr. Phipps,

I am glad you saw the Whites, they are exceedingly nice people, and White himself knows his job thoroughly.

Glaisher reports to-day that he has just received the Pasteur Lives from Constable, and will get them off at once. I have had delightful letters from several of the French libraries to which I sent copies from here.

With kind regards to Mrs. Phipps,

Sincerely yours,

W^m Osler
