

(To Dr. Harold Bowditch)

Oxford

11th March, 1912.

Dear Bowditch,

I am delighted to have the reprint of your father's paper; I remember so well when it came out. I will have it bound and it shall go among the treasures of my library.

I hope you are settling down for work. I have very pleasant recollections of your visit here, and am only so sorry that Lady Osler was away. I hope that angelic girl of yours continues to be as good as she looks.

Love to the family all.

Affectionately yours,

W<sup>m</sup> Osler
