(To Mr. Henry Phipps)

From the Regius Professor of Medicine, Oxford.

19th July, 1912.

Dear Mr. Phipps,

It was a great pleasure to see you and Mrs. Phipps yesterday.

Do you remember whether the £1200 which you very kindly gave to the Oxford Endowment Fund a few years ago was specifically assigned for the purposes I mentioned in connection with a clinical laboratory at the Radcliffe Infirmary? I do not refer to the money which you kindly gave for the Tuberculosis work, but to the £1200 you gave in 1908. I will call on Monday about 6 o'clock.

Sincerely yours,

Wm. Osler.

13, Norham Gardens.
