To Sir John MacAlister.

From the Regius Professor of Medicine.  
Oxford.

3rd. August, 1912.

Dear MacAlister,

I have sent out 168 private letters, chiefly to Fellows of the Society, and to men on lists supplied me by Power and Kirkpatrick. I have enclosed with them a postal card addressed to you, so that we should get back a certain number of acceptances, which should give us some idea of the number likely to join the new section.

Your copy of Aequinimitas is in the hands of the printer and should be ready for you early in October.

Sincerely yours,

Wm. Osler.
