(Handwriting)

(To Dr. T. R. Boggs, J.H.H.)

13, Norham Gardens, Oxford.
(Sept.) 12th (1912)

Dear T.R.B.

You will have Ed. 8th shortly - much changed not always for the better. I wonder did I ever thank you for the report of the Polycythemia case? I may have overlooked it. I never saw Herpes in P.P.a. I had an instance last year of Herpes with rapid ulceration of Cornea & loss of the eyesight, horrid case. . We have had a very good summer - in Scotland. Revere is 2 inches taller than his dad & still devoted to fish He will never be a student, but he has good hands & a good heart - two out of three essentials, so we are satisfied You will have something I hope for my Section of Int. Med Congress next year.

Yours ever,
