(To Leonard L. Mackall, at Jena)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

Oct. 16, 1912.

Dear Mackall:

I am very sorry about the hitch with reference to your paper. I have just had this letter from Pollard which explains matters. The Society has what I think is an unfortunate plan of having only one paper at each session, and he thought the subject you gave would not have drawn out an audience.

I am awfully sorry I have not been able to get out this autumn, but there have been so many things here to keep me.

You need not return this letter. I think I have secured the Pagel (Berlin) library - a unique collection of medico-historical works.

Sincerely yours,

W^m Osler
