Dear Adami,

Many thanks for your nice long letter. It is very satisfactory to know that everything is going so smoothly. I am disgusted about Roddick. There is some hitch. I fear it may be Grey, who has a feeling that it would stir up a great deal of jealousy in the French Canadians and the Ontario men if Roddick alone were selected. We had hoped last year to have settled it, and Barlow saw both the Prime Minister and the Colonial Secretary, and I wrote strong personal letters to both of them.

I am very sorry to hear that Shepherd has another carbuncle. It is a most unfortunate condition. He will be glad to get out next year.

I am glad to hear that you have got a department for Experimental Medicine started. I hope to see you all in May. Love to the family.

Sincerely yours,

W.O.
