(To Dr. Cushing)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

14th Feb., 1913.

Dear Harvey C.:

(Harvey?)  
I am much interested in the portrait, but it certainly is not Harvey, though it has the usual 17th century Harveysque style. Warren wrote me about the other. I will submit it to D'Arcy Power today. He is making a collection of the Harvey portraits and we are going to print a little monograph.

I did not get the Paget library, but as I told you, Fock is going to duplicate the more important ones. I am very unhappy today, having just lost a MS. of Chrysippus and one of Constantinus Africanus - but these are the hazards of the mart.

I have accepted the invitation to lecture for the Press.

Sincerely yours,

W<sup>m</sup> Osler.

(Handwriting): Love to the darlings.
