Dear Kate

I had a bully time with you & Harvey & the darlings. It was so good to see you all. Last night was a corker - I never saw so many nice people together at once. Grace will be so interested. That dear old Major is a peach. Tell Mary I met an old friend of mine Amanda Jane on the street with Letitia Susan and I told them about Mary & Betsy Cushing & they said they would like to go in & make a visit so they have gone by express today, and I have sent a base-ball & bat to 'Pius' & a little boat for Henry to sail in the bath tub.

I hope you are not exhausted by that social explosion - 'twas wonderful how you sorted & seated all those people.

Love to your mother & harvey.

Affec. yours,

Wm. Osler.
