(A.C. Klebs)...Do save the evening of August 6th for my
dinner to the foreign members of my section at the Royal Automob. Club. The day before I will get you to help with the seating, as you know a good many of the men. Let me have your address in London... I am so glad you saw Singer, he is a good industrious fellow. The Wellcome exhibit is first rate, with the exception of a few Chromos.
