21st July, 1913.

(typewritten)

Dear Singer,

Thanks for your paper, which I had already read; it is first-rate; I have cut it out for binding. The figures have come out very well. I am glad that you are to give us a paper on St. Hildegard; it will be most interesting. I shall be at home on Wednesday morning and shall be very glad to see you. Bring the Gessners too; I am very much interested in him.

Sincerely yours,

Wm. Osler
