Dear Adami,

Thanks for your interesting addresses. I hope the seed will fall upon good ground! That is a very worthy tribute to Foster.* I shall put it on the shelf next his admirable history.

I enclose you a couple of addresses. Love to L.M.C. Billy Francis has just gone back after a very pleasant visit here. I think he should be able to do the Journal work well. He has got a keen literary sense and lacks only confidence in his powers, that comes gradually.

Sincerely yours,
