FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

9 Dec., 1913.

Dear Mackall,

Delighted to hear that you have got [for W.O.] a copy of the Beringer - and so reasonable! Let me hear should another copy turn up; I should like one very much. We are very busy just now - all sorts of things on hand. I have picked up a number of interesting items lately. At present in the midst of exams.

Sincerely yours,
