From the Regius Professor of Medicine, Oxford.

31, December, 1913.

Dear W. S.

So sorry to hear that you have been in the hands of the surgeons, but I am sure it will be helpful, as I know you must have had a great deal of trouble with that old nose. Jacobs says that you are in fine form again. We have had a very busy Christmas - the house full and splendid weather.

I shall send you in a couple of weeks an address on The Medical Clinic which I gave at the request of some of the London men who are trying to reorganize the University. You will see some familiar pictures.

Love to Sister Susan. With best wishes for 1914,

Sincerely yours,

Wm. Osler.
